

FORBES REALTY TCI

Beachfront Lot, Bambarra Beach

This is a one acre lot right on the water, with views from east to west out over the sea and an excellent building site. The shoreline is sand, curving for nearly four miles along the whole bay. Neighbours nearby, excellent rental potential, kayaks and sailboats pulled up on shore.

Bambarra beach is the area of most active development on island, with several projects underway, ensuring long term resale potential. The prevailing wind runs across the property, keeping mosquitoes at bay and naturally cooling the site. Power runs along the main road at the rear of the property providing easy access to build.

Priced at only \$299,000!
